1. Potomac Yard Community

- With the exception of the Potomac Yard Metrorail, what are the top two or three priorities or concerns you see facing the Potomac Yard community and how will you as a Council member support Potomac Yard resident in resolving those issues?

2. Potomac Yard Metrorail

- We believe that the City of Alexandria has handled the removal of the Southern Entrance of the Potomac Yard Metrorail poorly. If you are a member of Council, how will you ensure the southern access via the bridge to the North Entrance at the inauguration of the Potomac Yard Metrorail Station? What steps will you take to ensure the future construction of the full south mezzanine, ramp and entrance? How long do you anticipate that process taking?

3. Dominion Underground Transmission Lines

- Potomac Avenue was selected as the least objectionable route for the Dominion 230 kV transmission line, resulting in an anticipated payment of \$43.3M to the City, of which approximately \$29M remains uncommitted. Do you feel it appropriate that the money be reinvested into the Potomac Yard Community? If so, what, if any decision-making would you envision the community having?

4. Transparency and Accountability of City processes

- There is a perception, that the City of Alexandria lacks transparency and accountability. As a Council Member, what would you do to regain and build trust within the Potomac Yard community?
- How do you envision the relationship between the City Manager and staff with implementing the City Council's policy priorities? What will you do specifically, to ensure the City of Alexandria is transparent and focused on good governance and accountability?

5. Leadership

- What special qualities, experiences, knowledge or qualifications will you bring to the City Council? Or is there anything else you would like to share with the Potomac Yard residents?
